

# Jimmy George

Jimmy has been recording and performing music for over 20 years. With sounds reminiscent of the Dave Mathews Band, John Prine, and Sting, JG strives to tell a story with his music, and where folk meets rock meets art, JG offers a unique blend of music all its own.

Since 1999 JG has shared bills with various artists including Tom Petty, Tim Reynolds (Dave Mathews Band), The California Guitar Trio, Toots & the Maytall's, Gretchen peters, Dave Alvin and Carlos Santana and has played with some of the best local Austin bands, including the Asylum Street Spankers, Weird Cousin, Clepper George Duo and his own Jimmy George Band (JGB) in venues ranging from the Dallas Starplex Arena to bars, restaurants, and intimate coffee houses.

Whether playing Solo, as a Duo, or with the Jimmy George Band, JG offers exceptional live performances specializing in playing what's appropriate for the audience but also respectfully pushing the boundaries.
