

JIMMY GEORGE

Jimmy has been recording and performing music for over 20 years. With sounds reminiscent of the Dave Mathews Band, John Prine, and Sting, JG strives to tell a story with his music, and where folk meets rock meets art, JG offers a unique blend of music all its own.

Since 1999 JG has shared bills with various artists including Tom Petty, Santana, The Nixons, Tim Reynolds, and Bob Schneider, to name just a few, in venues ranging from the Dallas Starplex Arena to bars, restaurants, and intimate coffee houses.

Whether playing solo, with the Jimmy George Band, with Russell Clepper in 'Clepper George' or with other projects, JG offers exceptional live performances specializing in playing what's appropriate for the audience but also respectfully pushing the boundaries.
